

# Compton & Shawford Parish Council 2012 Annual Report

## Chairman's Letter

Dear Parishioner,

Your Parish Council has had another extremely active year, as you will see, when you read the convenors' reports. As tradition has established, we have compiled this report to provide a summary of the actions your Parish Council has taken on your behalf over the past year.

### **Thursday, 19th April, 2012, 7.30: Annual Parish Assembly at Shawford Parish Hall**

Do please come along to hear more about past activities and future plans. You will have ample opportunity to put questions to your parish councillors, to share any concerns you currently have and to express views relating to further actions that you may like to see take place in your parish.

### **Your Parish Council**

Since John Broomfield's resignation in January this year, we have been down to eight serving parish councillors. I would like to thank John for all his efforts during his time on the Council since he joined it in May 2010, and thanks also to Councillor Mike Southgate who stepped into John's role as Highways and Byways Convenor.

At this time last year, we were giving public thanks to Nick Campbell-White - now a Town Councillor in Wokingham - for all that he had done over many

years in his various roles on our Parish Council.

This year, our thanks are due to George Beckett, who is standing down from the Parish and City Councils to pursue other ambitions. With his long-standing experience of local politics, his highly valued ability to cut to the chase in discussions, and, of course, his inimitable sense of humour, he will be sorely missed on our Parish Council.

The Clerk to the Council, David Drake continues to work extremely hard. He has a meticulous eye for detail, as you will appreciate from the quality of his reports in the Parish Magazine.

### **Parish Council Elections May 2012**

All nine seats on your Parish Council will come up for election on Thursday, 3rd May, after the local elections. Some members of the Council are standing for re-election, but not all. This Parish Council will end on May 3rd, when elections are due to take place. Do please consider whether you would like to become a councillor. You must be a British subject or Irish citizen, 18 years of age, and live or work in the parish, or within a three mile radius of it. If you wish to stand, you need to complete a nomination form, have it signed by your proposer and seconder, and witnessed. The forms are available from the Clerk. Your form must be received by the Electoral Services Unit, Colebrook Street, between 28th March and noon on the 4th April.

*continued overleaf*

## **Parish Plan and Village Design Statement**

Several months ago, the Village Design Statement (VDS) was delivered to all households in our parish by your councillors. Our very sincere thanks are due to all those who worked so hard to ensure the publication of that invaluable document, which will serve as a hallmark of our village for many years to come. We would particularly like to nominate Terry Wilson, Peter Betts, Colin Jones and Adrian Walmsley for their unswerving commitment to ensuring that our VDS was published as soon as practicable, and ahead of many other Hampshire villages.

## **Residue of funds**

A public meeting was held prior to March's Parish Council meeting to decide what to do with the remaining funds raised by the Parish Plan Committee after the completion of the Village Design Statement. It was unanimously decided that the money should be given to the Parish Council to be used for a suitable community project.

## **M3**

I am continuing to exert pressure on the powers that be for a quiet surface on the M3, between the two junctions adjacent to our parish. Whilst the outlook is not good, I am determined to persevere. If it is not done until 2020, we will have been suffering from motorway noise for twenty-five years.

## **Community matters**

The Clerk and I attended a discussion meeting about the Lengthsman project. We have accepted the invitation to be one of the eleven parishes to participate in this HCC-funded project. We shall be given up to £1000 worth of effort for one year, to help with cutting back vegetation and other tasks that we identify for ongoing maintenance of our parish.

Our thanks, as always, go to Bill Goodyear and Jan Russell for all they do to keep our bus shelters, notice boards, seating and other facilities spick and span. We would also like to extend warm thanks to our Footpaths Representative, John Wilkinson, for all his efforts in walking the footpaths in the Parish and organising regular groups of volunteers to assist

in clearing the paths of overgrown vegetation.

## **Celebrations**

We hosted a very well attended Civic Service at All Saints' Church, on Sunday, 16th October at 11am. The Rector conducted the service and refreshments were provided in the School by the committee, very ably master-minded by Councillor Millar. We are very grateful to the School for being so willing to allow us to use their facilities.

## **The Diamond Jubilee: 2nd-5th June, 2012**

Much hard work has been devoted to preparing for four days of celebrations, on the part of the Ball Committee and the Diamond Jubilee Committee. Many of the activities will be based on the Memorial Playing Fields. There will be plenty of activities to appeal to all ages and interests. All we now need is for you all to come and join in the fun. Programmes will be delivered, free of charge to all households in the Parish by the committee at the beginning of May, so that you will all know all that is planned and have plenty of time to prepare for the competitions. In addition, should you need transport to the Memorial Playing Fields to participate in the celebrations, kindly contact Councillor Millar on 712310. We shall also shortly be planting an oak tree on the Memorial Playing Fields, to commemorate this momentous event.

## **Caroline Cawthorne**

The whole community was shocked to learn that Compton School's Deputy Head Teacher Mrs. Caroline Cawthorne had lost her long and brave battle with illness in late February. She had served the school as an excellent Deputy Head for seventeen years. She will be sorely missed by current and former pupils, as she will by her colleagues, parents and governors at the school. Our thoughts are with her family at this very difficult time.

## **And lastly...**

If you have any matters which you think need our attention or schemes that you would like the Parish Council to consider, do please contact me on 712370, or the Clerk on 600198.

*Una Stevens*

## Highways and Byways Report

### Parking

Parking continues to be a challenge.

**Shawford Station:** the informal residents' consultation with Winchester City Council about proposed parking restrictions around the station has now finished. The legal notices should be published shortly. It has taken longer than we had hoped as there were a number of conflicting views which we wanted to resolve. Changes include double yellow lines replacing white lines and extending around the bends on the main road, parking bays outside the shops with limited parking restrictions, and yellow lines for Pearson Lane to tidy up parking.

**Compton Primary School:** The school often reminds parents about careful parking and alternative parking areas. Parents - please try to park considerately and think whether you need to park so close to the school. There are spaces available at the Park and Ride and elsewhere in the village.

**Hockley Viaduct lay-bys:** We are working with Winchester City Council to resolve the problem that walkers and other visitors have difficulty parking near the viaduct because vehicles are being left there all day. WCC are looking into introducing time-limited parking near the viaduct, and making some cheap 'park only' bays available at the Park and Ride to help car sharers and others.

### Road Safety

In November Hampshire County Council decided not to introduce a 30mph speed limit on Otterbourne Road. As we reported last year, the decision was always likely to be based upon HCC policy rather than solely on the parishioners' poll which we forwarded to HCC. The proposals did not meet HCC's criteria for their established Village 30 policy for several reasons, including a good safety record for that road and local objections. HCC wrote:-

*"On the basis of our current policy on 'village 30s' we will therefore not be taking forward the proposed speed limit reduction at this time. However, as this matter was an agreed local Member priority we will continue to investigate options for the introduction*

*of traffic management measures in this location, and will do this in consultation with the local County Councillor, as well as with the Parish Council. We note that the Parish Council and a number of the objectors are concerned that measures should address 'road safety' concerns, though ... there is no compelling priority for this site in terms of our casualty reduction programme, based as that is on sites identified as having a poor safety record in terms of recorded injury accidents".*

The Parish Council will continue to seek safety improvements, particularly at road junctions.

We are pleased to report that our request for a traffic island in Otterbourne Road close to the junction with Shawford Road has been agreed as part of the Winchester to Twyford via Shawford cycle route.

Because of rising costs we reluctantly decided not to renew the contract for the flashing speed limit sign which we shared with five other parishes. There is little evidence that we have a major speeding problem or that the temporary sign helped reduce speeds, except by Compton Street. We are looking into a more permanent sign but the costs are very high.

### Transport

Our excellent rail and bus services were not badly hit by the recent County Council subsidy reductions. The E2 service Winchester to Eastleigh was reduced to every 2 hours, and the 63 now runs Monday to Friday only. There were some problems with the new timings of the 63 which are being looked into. I am discussing with Bluestar the anomaly that four of our bus stops are actually in the Otterbourne fare stage area which causes

confusion to both passengers and drivers.

During the year I continued to attend meetings of Bluestar Bus passenger panel and South West Trains Stakeholder Group and various transport forums and discussion groups run by either Winchester or Hampshire local authorities.

### Cycles

I have requested more and secure cycle storage at Shawford station; agreed with both Winchester City Council and South West Trains.

We support WCC's plans for Hockley Viaduct to create a dedicated cycle way from the Park and Ride into the City. We are working with HCC and Sustrans about dedicated cycleway options south from the Park and Ride through Shawford before re-joining the main cycle route south to Otterbourne and Southampton.

We have also been involved in WCC's cycle route strategy. I have made a number of suggestions about dedicated cycle routes and better segregation on the highway.

### Aircraft Noise

At a recent Airport Transport Forum it was reported that aircraft noise complaints were significantly reduced in 2011, thanks to quieter aircraft and changes to flight paths. New flight paths are being introduced for a temporary period over the summer to deal with expected extra traffic for the Olympics. These may actually reduce noise over our parish.

### Vegetation

We continue to work with HCC on vegetation cut backs on all our roads. Inevitably, with reductions in public service expenditure this is becoming more difficult especially in peak growth season. Many of the problems are often caused by over growing vegetation, bushes and tress originating from private property. There is a duty on house holders to make sure that they do not impinge on the paths. Cutting back of private property trees and shrubs is not an HCC responsibility. If the hedges are not dealt with, HCC can cut them back and then charge the home owner for doing so.

For next year we have agreed to participate in the HCC funded Lengthsman project. This is a contracted service shared with other parish councils to provide extra effort to help with vegetation clearance, and other appropriate work.

### Highways

More grit bins were installed for the winter's bad weather. We continue to work with HCC on road surface matters and repairs. The kerb and road edge surface in Pearson Lane remains a problem. HCC repaired some of the lane and intend to undertake further work shortly. We are working with them to draw up a program of work for the entire lane, within the context of the damage and budget availability.

### Police Support

I continue to represent the parish at the Police Partnership Forum and attended several neighbourhood Police organised PACT (Police and Communities Together) meetings. We now have a new team responsible for our area led by Sergeant Mark Lamper, based in Alresford. Our local contact is PCSO Michelle Gay.

Since the closure of Twyford Police Station, the police team have started holding local police surgeries at Otterbourne Parish Hall. The Scouts have agreed that the Reeves Scout Hall in Compton can be used and we hope that surgeries will also be held in Shawford Village Hall.

*Mike Southgate*

## COMPTON & SHAWFORD SPORTS CLUB - 2012

The Jubilee Pavilion and the Memorial Playing Fields form the focal point for our local Compton and Shawford Sports Club, (CSSC). The club's objective is to provide good, value-for-money facilities for cricket, football and tennis and to provide regular events for the community and members to enjoy.

Chairman Mark Jenkins says this year will have several special events to look forward to such as wine tasting, BBQs during England's matches in the 2012 Euros and the

regular First Friday Quiz Nights and Third Friday Mix'n'Munch evenings.

The fields and pavilion will also be used as the focal point for the Diamond Jubilee celebrations over the long weekend of 2nd-4th June.

### What can Parish Councils do?

The 1997 Local Government & Rating Act gave Parish Councils new powers to organise or contribute to car pooling schemes, local transport, traffic calming and crime enforcement.

The full list of council powers is summarised on the Parish Council web site. It covers playing fields, lighting, village halls, burial grounds, as well as historic powers such as provision of public wash houses.

Section 137 of the 1972 Local Government Act allows a local council to spend up to £6.80 (2012/13 figure) per elector per year on anything for which it has no express power, if the expenditure is for the direct benefit of the parish, or some or all of its inhabitants.

On the pitch all sports sections continue to go from strength to strength with additional youth cricket and football teams being well coached, run and including more and more local lads.

On the patio, the Sports Club will run an informal 'get together' every Friday evening from 6-8 or later. Good weather certainly boosts the number of local families walking up to make their weekend plans or discuss the week just past. If any member would like to put together a 'theme' evening at the club, please just drop to Mark.

For more information about the Sports Club please see the Sports Club's pages in the Parish Magazine, the pavilion noticeboards (photo on left) or contact Mark.

*mark.jenkins@vodafone.com*  
Sports Club Chairman

### Local Schools

We are proud of our close relationship with both our local schools: Shepherds Down School, and Compton CofE School where I am a PC sponsored Governor.

Compton School continues to strengthen its community ties, has recently started work on its Forest School project just off Place Lane and we have now held two Parish Council meetings at the School Hall. In Key Stage 2 SATS, 100% of children achieved Level 4 (the national target) or above in English and Maths. 35% of children gained Level 5 in English and Maths combined. 41% of children achieved Level 5 in Maths, and 65% achieved Level 5 in English.

*Mike Southgate*

## FOOTPATH

**Footpaths and Bridleways in Compton & Shawford**

The past year has seen significant use of our diverse and delightful footpaths and bridleways. Action has been taken by residents to ensure that they are maintained and developed. In this work we have been supported by Hampshire County Council Countryside Access Team (CAT), the British

Trust for Conservation Volunteers (BTCV), and by the Winchester Branch of the Ramblers Association. The latter conducts an annual survey of all our pathways and co-operates with the Parish Council and Countryside Access team in their signage and suggestions for improvements.

During October 2011, a party of residents together with BTCV, opened up the track at the foot of Shawford Down which follows the railway south and meanders up to the bottom of Southdown Road. This route is now fully accessible and offers great views across the water meadows. The parish Council has now recommended that it becomes a registered footpath. During the winter storms, several trees fell over footpaths. These, in most cases, have been cleared by residents, the Parish Council Representative and CAT.

At Compton Lock, work has been completed in improving fencing to protect adjacent farmland from incursion by picnickers. Residents have frequently cleared litter from this area and further preventative measures are being taken. It is clear that our rich heritage of excellent pathways is much helped by residents being vigilant and in taking positive action regarding litter picking and minor maintenance. It is amazing what can be achieved by taking a pair of secateurs with you on a walk.

About the time of the publication of this Annual report, we should have an annotated Map Board of footpaths and bridleways positioned at the foot of Shawford Down to commemorate the Diamond Jubilee of Queen Elizabeth 2nd.

*John Wilkinson. OBE*

*Footpaths representative for the Parish Council.*

**Sparrowgrove & Oakwood Trust (SOCCT)**

The Parish Council continues to support SOCCT. Since the removal of some tree preservation orders we can now manage the woods according to the Forestry Commission plan.

SOCCT will soon be issuing guidelines to neighbours for boundary maintenance.

Monthly working parties take place on the first Sunday of every Month; volunteers are always welcome.

We have already tidied up the boundary and fence with Otterbourne Road and provided a more accessible entrance. Unfortunately several fallen trees and a road traffic accident damaged some of the fences we had just repaired.

*Mike Southgate,  
SOCCT Chairman*

More info at [www.socct.org](http://www.socct.org)

## Planning

**T**he uncertainties of the changing planning situation mentioned in last years review are only gradually beginning to be resolved. The appeal decision concerning Barton Farm is still undecided following a game of pass the parcel with the Secretary of State for Communities and Local Government. This uncertainty probably contributed to the success of a large development application at Pitt Manor, which may otherwise have been resisted.

The new local plan is progressing and the policies it contains will be used to decide planning applications. There are a number of changes to the existing policies and it remains to be seen how these will be interpreted. The Village Design Statement is referred to in the new plan (many thanks to the local volunteers involved in its production, by the way) and this will inform local development to some extent. Documents like the VDS, whilst hard work to produce, can be a valuable way to influence policy locally.

The Parish Council has participated fully in the consultation stages of this plan, reflecting local concerns and hopes. We have also participated in the HCC Minerals and Waste Plan consultation. This plan determines activities like those at Four Dell Farm (Industrial Park). We pointed out a lack of weight given to local concerns and an objection to piecemeal development where there is no overall plan. HCC, however, have not proven to be great listeners, but the points have been made.

Locally, we have had a significant appeal decision recently, where an application for a large development on Otterbourne Road was found to be out of character with the area and rejected. Additionally, WCC refused another application which they felt to be out of character. This is encouraging.

The Parish Council will continue to monitor

**New build in Bridge Lane**

planning applications closely and, whilst not automatically saying 'no' to everything, will seek to retain those qualities that make Compton and Shawford such an attractive place to live.

*Cllr Martin Bell, Planning Convenor*

### **Do you take the Parish Magazine?**

The Parish Council is happy to support the magazine, your best source of information about events run by local clubs, societies, the church and the Parish Council, as well as lots of very useful adverts..

Contact John Richardson on 712124 to arrange a subscription (£8 a year).

### **New to the village?**

You should have received a Welcome Pack leaflet, a copy of the Parish Plan, VDS and the Parish Magazine with details about how to apply for an initial **free subscription** period.

If you missed out, contact Adrian on 606957.

## Playing Fields Committee

### Play area in Shawford

We have been talking about the possible site at the foot of the Downs but progress has stalled, partly because your Parish Council has divided opinions on whether to proceed and would very much like to hear how keen parishioners are on the project. A major concern is future maintenance costs.

We need to have your views. Please do come to the Annual Public Meeting on 19 April or contact the clerk, Myra Wilkinson or me.

The possibility of providing some ancillary car parking in the area close to the station is being explored with HCC where new heads of both the Countryside and the Estates departments have been a little slow to respond to our approaches.

The Open Space Fund, which will pay for new facilities to enhance the Parish, is due to be wound up in 2014, after which a new Community Infrastructure Levy will be introduced, requiring developers' contributions. We have asked whether our "pot" would be lost, if it is not used and for now, this looks unlikely but further additions may not be sought.

### MPF & Compton Playground.

The Playing Fields Committee has seen new perimeter fencing installed at the Compton Street playground (many thanks to Jacqui Evans' husband, Keith, for his help) and new concrete edging to the safety surfacing plus new swing seats installed. Brand new goal posts with artificial turf "penalty areas" are imminent. Thanks are due to Bill Goodyear who has tidied up after fence work, cleared leaves and trimmed the hedges.

As part of the Queen Elizabeth II Fields Challenge, which has the aim of creating a branded network of permanently protected playing fields in communities all across the UK as a visible legacy arising from the Queen's Diamond Jubilee and the Olympics, it has been proposed to rename the Compton playing field to the QE2 playing field

The thriving Cricket Section now has two practice nets and modern covers for the wickets.

The Sports Club are working on improvements to the north of the Pavilion to make it more attractive and user friendly.

Maintenance of the boundary areas, organised by John Richardson, and grass mowing by Jim Kimber keeps the MPF growth under control and we hope many of you will come and enjoy the arena for the Diamond Jubilee celebrations at the beginning of June.

*Cllr Jean Millar*

## Community Resilience - Emergency Planning

We have been reminded by the National Association of Local Councils about the impact that severe weather and other emergencies can have on local communities.

Even though floods and other catastrophes are very unlikely to affect us, the Parish Council feels that it would be helpful to create a list of key contacts, which might include:

- Police
- HCC emergency number
- Local Councillors
- Voluntary organisations (e.g. WRVS, WI etc)
- The Bridge Hotel contact numbers (food supplies)
- Key holders of buildings that might be used for temporary accommodation
- Tree contractors and those farms that have tractors/JCBs available to clear debris and snow
- [If the individuals concerned are willing] contact details of doctors, nurses and qualified first aiders residing in the parish

We would welcome comments on this proposal: have we missed anything? In particular, if you fall into the last category above we would like to hear from you.

*Adrian Walmsley*  
*adrian@walmsley.org.uk*

## Finance and Admin Committee

### Administration

The administration of the council continues to run smoothly, thanks largely to our clerk David Drake, and our meetings now last no more than two hours.

We are required to document and conduct regular reviews of our financial regulations, audit procedures, risk assessments, and maintain an asset register. Anyone who wants to see how the Council runs is welcome to check the documentation on the Parish Council's website. Our meetings are open to all.

### Income

This year's precept (the money the Parish Council receives to run the Parish), is unchanged for the third year running at £27,170. This works out at £32.40 for the benchmark Band D property, or 2½% of your Council Tax bill; a marginal decrease from last year. We receive this in two half yearly instalments, which we bank until we need it.

Our income from other sources (mainly Open Space Fund, VAT refunds and rental) will just exceed £27,000 this year.

### Expenditure

Our expenditure for 2011/12, based on preliminary year end figures, is shown in the pie chart. The largest areas of expense are Playing Fields (significant sums on improving the Compton Street playing field and new cricket nets - financed by the Open Spaces Fund), General admin (including the clerk's salary, room hire etc.), Finance (audit and other professional fees). Highways and Byways includes street lighting costs and our share of the costs of the flashing

speed warning lights.

Miscellaneous includes VDS printing costs and initial Diamond Jubilee expenses. We can reclaim VAT, but there is a time-lag.

### Overall finances

On professional advice a few years ago, we have been putting money into a sinking fund to cover periodic major maintenance that will be required, particularly for The Jubilee Pavilion and the Village Hall.

After allowing for the ring-fenced money, our uncommitted reserves cover about six months' worth of turnover, in line with recommended best practice.

### 2012/13 Budget

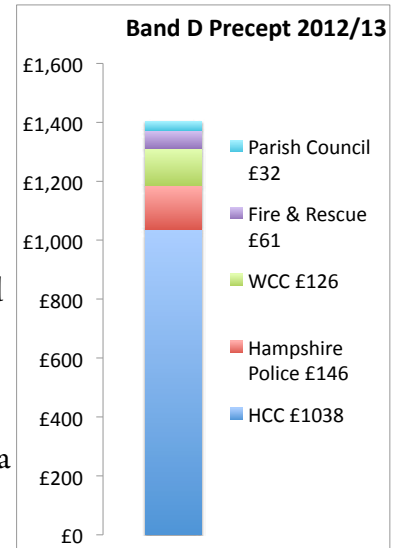

Many of our costs rise with inflation, so in order to keep the precept unchanged we have had

to cut back expenses in other areas. This meant, for example, ceasing our involvement in the flashing speed light project, reducing our set-asides for the sinking funds (which are now quite healthy).

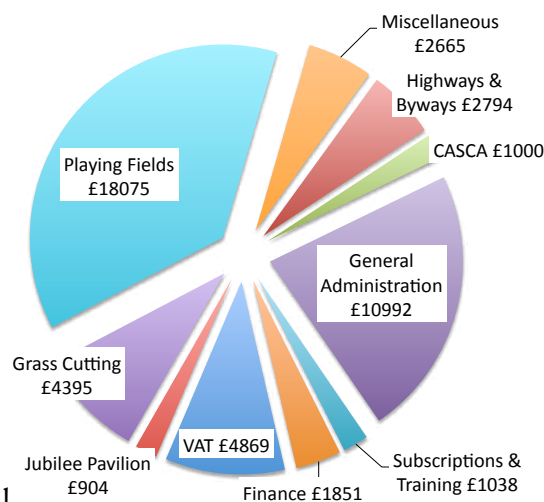

### And finally

My thanks to my colleagues on the Finance and Admin committee, and especially to David Drake, our clerk and Responsible Financial Officer. David has, amongst other things, helped us avoid precept rises by using his skill and charm to negotiate what is, in today's climate, a favourable interest rate for the PC's deposit account.

*Adrian Walmsley, Convenor  
Finance & Admin committee*

**Parish Council Expenditure 2011/12 (preliminary figures)**

# QUEEN ELIZABETH II DIAMOND JUBILEE

## Diamond Jubilee Weekend

Planned activities include:

Saturday 2 June	Sports Club Ball on the Memorial Playing Field
Sunday 3 June	Village Treasure Hunt 6 Open gardens Village Cricket match with teas by the WI Commemorative Service in the marquee at 6pm
Monday 4 June	Stalls, races, raffle, tug-o-war, show of vintage cars, BBQ with local meat, cream teas and more Torchlit procession to light a beacon on Shawford Down at 10pm
Tuesday 5 June	Two village walks of different lengths, ending at the Bridge Inn, where a special Jubilee lunch will be available.

More volunteer helpers welcome.

Contact Una Stevens on 01962 712370 or [unastevens@aol.com](mailto:unastevens@aol.com)

## Do you want to do more for our community?

As a Parish Councillor, you could help to look after, and improve, many of the facilities in our parish. Several of our existing councillors are not standing for re-election and new members would be very welcome.

**What's involved?** 8 meetings a year, on the first Tuesdays on the month, plus some committee work mainly by email in between.

**How and When can I apply?** Your papers have to be submitted to the City Council by noon on 4 April. If you've missed the 4 April deadline, you may still have a chance: if there were fewer than nine candidates, the Parish Council will hope to fill the remaining vacancies by co-option.

**Other information:** contact our Clerk, David Drake on [clerk@compton.parish.hants.gov.uk](mailto:clerk@compton.parish.hants.gov.uk) or 01962 600198.

See <http://compton.parish.hants.gov.uk> for more info and a list of current councillors.

## CASCA 2012

I would like to thank my committee for all the support they have given me in the last year, and our caretaker Frank Smith for all his hard work in the year and for his excellent presentation of the hall for all the users.

The hall's customers remained very similar to last years at around 70 different users. This generated a turnover of £29,299 very similar to last year's figure of £30,806. The letting income was £27,345 compared to £27,818 the previous year. The Hall's results will be explained in detail by David Jeffrey in his treasurer's report.

Annual maintenance was carried out in accordance with the review that Nick Campbell-White and I carried out in May 2009. As a result this year we have spent £5757 on the re-roofing of the flat roof which is shown in the accounts.

In the summer the Shawford Hall was painted

and a professional company carried out a deep clean of the lavatories; these items will show in next year's accounts.

In the annual certification of the appliances there is an issue with the ventilation of the gas cooker; regulations keep changing which could mean more expense or a change to electricity.

Solar panelling is much in the news and we are at the beginning of evaluating the possible benefits of a system even with the reduced tariffs.

The hall continues to provide an excellent venue for parish activities and other outside groups but we must ensure that the facilities we offer are up to date and meet customers' needs. The popular annual CASCA Christmas drinks party will be on Friday 2 December at 7pm.

*John Griffith, chairman, CASCA*

## Compton and Shawford Parish Council

PO Box 565, Winchester,  
Hampshire SO23 3HG  
Phone: 01962 600198

email: [clerk@compton.parish.hants.gov.uk](mailto:clerk@compton.parish.hants.gov.uk)

# **Invitation to the Annual Parish Assembly 7:30pm Thursday 19 April 2012 Shawford Parish Hall**

The Parish Council will be reporting on its activity during the past year and looking at future changes that may affect the villages of Compton and Shawford. County and District Councillors will be present, as will be representatives of Hampshire Constabulary.

The agenda will include an update on plans to improve parking in Shawford and Compton; plans to construct a play area at the base of Shawford Down and proposals for celebrating the Queen's Diamond Jubilee in June 2012, including renaming the Compton Street playing field as the Queen Elizabeth II Playing Field.

All parishioners are invited to attend and may ask questions on any issues relevant to the parish.

Una Stevens  
Chairman  
Compton and Shawford Parish Council
